

SUPPREP INSTRUCTIONS

Preparing and drinking the solution

There are two (2) bottles of Suprep included in the kit which need to be taken at two separate times.

5pm (The day before the procedure) complete step 1 through 4 using one (1) 6 ounce bottle:

1. Pour one (1) 6-ounce bottle of Suprep liquid into the mixing container.
2. Add cool drinking water to the 16-ounce line on the container and mix.
3. Drink ALL the liquid in the container.
4. You must drink two (2) more 16-ounce containers of water over the next 1 hour.

9pm (The day before the procedure) complete step 1 through 4 using the other 6 ounce bottle of Suprep.

1. Pour one (1) 6-ounce bottle of Suprep liquid into the mixing container.
2. Add cool drinking water to the 16-ounce line on the container and mix.
3. Drink ALL the liquid in the container.
4. You must drink two (2) more 16-ounce containers of water over the next 1 hour.

After you finish your prep you may have Water only up to 6 hours before the procedure. The morning of the procedure, you may have a sip of water to take any necessary medication and to brush your teeth.

Your procedure WILL be CANCELLED if anything is consumed the morning of the procedure. NO EXCEPTIONS!

There will be a CHARGE for cancellations due to not following instructions.
